

LA CIARLIANA

## Donna Claudia Rosè Toscana i.g.t.

**Production area** Loc. La Ciarliana – Montepulciano

**Altitude** 250 meters above the sea level

**Grape blend** Sangiovese

**Harvest** Hand- harvested in small boxes – Last days of September

**Vinificazione** Whole bunch direct pressing, sedimentation and fermentation at a controlled temperature

**Ageing and refining** 6 months on fine lees in stainless steel tanks

**Food pairing**

This wine, due to its enchanting floral, citrus and fruity aromas, thanks to its good acidity and nice body, is a perfect Aperitivo. It gorgeously pairs with pasta and fresh cheese, but we like it especially with a Chianina tartare and with raw seafood. Claudia is my mother's name. I dedicated this wine to her.

**La Ciarliana**

Via Ciarliana 31, Montepulciano - Italia
